Watch it all slip away

Or leave a garden for your kids to play

G gift given by the stars

[Bridge 2]

It's been coming, such a long time coming  
All the ages calling, whispering so softly  
We were deaf until now  
We were deaf until now  
We were deaf until now  
We were deaf until now

(You can build me up or you can rip me apart)

We were deaf until now

We were deaf until now

(You can build me up or you can rip me apart)

We were deaf until now

We were deaf until now

(one strum each)
