

You've Got A Lover

Recorded by Ricky Skaggs; written by Shake Russell

G **Am** **C** **D**
The clubs are all closed and there's nowhere
to go

G **C** **D**
And the sun won't show for h-ours

G **Am** **C** **D**
The streets have all emptied and lovers lay
sleeping

G **C** **D**
And dreaming of each oth-er

CHORUS

C **D**
You've got a lover but it's not me
G **C** **D**
He can't love you like I can
C **D**
There will be others, yes I understand
G **C** **D**
Will they love me like you can?

G **Am** **C** **D**
There's acres and acres of heart broken
lovers

G **C** **D**
I know we're not the first ones

G **Am** **C** **D**
But sometimes it seems that it's just like a
dream

G **C** **D**
That you try hard to remem-ber

CHORUS

C **D**
You've got a lover but it's not me
G **C** **D**
He can't love you like I can
C **D**
There will be others, yes I understand
G **C** **D**
Will they love you like I can?

G **Am** **C** **D**
The clubs are all closing and you know I
was hoping

G **C** **D**
The wine, it would see me o-ver

G **Am** **C** **D**
I pulled up my collar; walked into the night

G **C** **D**
I went looking for an an-swer

CHORUS

C **D**
You've got a lover but it's not me
G **C** **D**
He can't love you like I can
C **D**
There will be others, yes I understand
G **C** **D**
Will they love me like you can?
