General Philosophy for Early Voting

We want our friends to vote. Too many times..

- There's an emergency at work, or a family emergency on election day,
- The lines are too long at the polling places.
- Traffic getting home and to the polling place is worse than usual..

Good people who fully intended to vote end up missing the deadline. Therefore, we rely on early voting to ensure that if there's an emergency on Day 1, then Day 2 is still available.

Here's the Steps

1. List their names, then call or email to let them know what you're doing and why.
2. Confirm they are registered to vote.
3. Find out what type of early voting can be performed in his/her state.
4. List the date of the first day of early voting
5. Call to remind your friends the day before the first day of early voting.

So there's your five. Any chances you're an overachiever and want to do more? Remember - - it's for a good cause: Replacing Donald Trump. See next page for a continuation of this form.
